We would like to thank the members and their families for participating in National Boys and Girls Club week. Members were able to showcase the programs that are taught at the club. They did teambuilding activities, career development workshops, and a Dress to Impress Fashion Show. Members were able to have their blood pressure checked by Hancock Medical and toured the DAAPE bus that informed them of the harmful affects of various drugs on the body. Mrs. Thomas facilitated health and nutrition activities and prepared healthy, nutritious snacks for them. Last but not least, they wrote letters to congress as a project for Kick Butts Day to outlaw smoking in public facilities. This years' National Boys and Girls Club week proves to be a great one and many more to come.

Recycle contest winners

We would like to congratulate Mrs. Cindy's class for recycling. During the March 1- 19, the members competed in a Recycling Contest amongst classes. Everyday members from her class brought their recyclables determined to be victorious.. By the end of the week, members had brought in so many items, we had to turn them away. The winners received a Pizza Party as an incentive for being the winners.. The recycle material will be Brought to a recycling site, and the proceeds will go to purchase supplies needed for the Animal Shelter.
