## GO REDBIRDS!!!!

25 Illinois State University students volunteered their time and services at the Hancock County Unit the week of January 9-13. Members enjoyed the various camps they conducted during their time at the Club. Members were able to work on fundamentals of basketball, volleyball, and drama/ theater. During the morning time, volunteers donated their services by doing some repairs at the Club which involved painting and putting game room equipment together that was donated. After completing the camps, Teens and the volunteers showed their skills in a basketball game. As the week ended, members and volunteers were sad they had to say their goodbyes and hoped that one day they can return to where it all started at the Boys & Girls Club.
